## Rich Foot

Rich Foot is an Obsidian plugin that enhances the footer of your notes by adding backlinks, outlinks, and created/modified dates.

### Maintained by

### **Features**

- Adds backlinks to the footer of your notes (links FROM other notes TO this note)
- Adds outlinks to the footer of your notes (links FROM this note TO other notes)
- Displays created and modified dates for each note
- Supports links in frontmatter
- Stylish appearance with tag-like links
- Highly customizable appearance with opacity and border controls
- Option to exclude folder(s) from displaying 🔼 Rich Foot

And a closing Footer (let's hope this works)!
